TECHNICAL SKILLS

Languages: C++, JavaScript, HTML5, CSS3
Core Fundamentals: Data Structures & Algorithms (DSA), OOPs
Web Technologies: React.js, Node.js, Express.js, RESTful APIs, MongoDB
Tools & Platforms: Git, GitHub, Vercel
Soft Skills: Problem-Solving, Analytical Thinking, Cross-Functional Collaboration, Adaptability

ACHIEVEMENTS

- Solved 500+ DSA problems across CodeForces, LeetCode, and GeeksforGeeks, mastering optimal Big-O complexity.

TRAINING & CERTIFICATIONS

Data Structures & Algorithms (DSA) Training | *Lovely Professional University* Jul 2026 – Aug 2026
- Trained in Linear & Non-Linear Data Structures including Arrays, Linked Lists, etc.
- Implemented key algorithmic paradigms and Big-O analysis.

C++ Certificate | *Skill Era* May 2026

PROJECTS

Student Record Management System | *C++, STL, Data Structures & Algorithms, OOP* Oct 2026
- Developed a modular CLI-based management system in C++ implementing robust CRUD operations and input validation.
- Utilized Min-Heap priority queues for Top-K merit ranking in $O(N \log K)$ time and Max-Heap for $O(1)$ top-scorer retrieval.
- Integrated Binary Search ($O(\log N)$) on sorted records alongside Bubble Sort and Selection Sort with comparison tracking.

WanderLust: Rental Booking Platform | *MongoDB, Express.js, React.js, Node.js* Oct 2026
- Developed a full-stack rental platform implementing 15+ CRUD features for properties, bookings, and reviews.
- Enforced fine-grained authorization middleware and role-based controls to restrict listing edits exclusively to verified owners.
- Architected 20+ RESTful API routes following MVC architecture, optimizing MongoDB queries for fast data retrieval.

Quick AI: AI-Powered SaaS Platform | *MongoDB, Express.js, React.js, Node.js* Aug 2026
- Built a full-stack AI SaaS app integrating 6+ generative tools including article generator, title generator, and background remover.
- Configured secure user authentication using JSON Web Tokens (JWT) and cookies, protecting multi-tier Free and Premium endpoints.
- Architected modular RESTful APIs with MongoDB schemas and request validation to process and persist user creations.

EDUCATION

Lovely Professional University Punjab, India
Bachelor of Technology - Computer Science and Engineering Aug 2024 – Aug 2028
CGPA: 8.02
